Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

**RESUBMISSION OF PETITION TO WITHDRAW HOLDING OF ABANDONMENT
BASED ON FAILURE TO RECEIVE OFFICE ACTION UNDER 37 C.F.R. § 1.181(a)**

In reply to the Decision On Petition To Withdraw Holding Of Abandonment Under 37 C.F.R. § 1.181 mailed May 4, 2005, Applicants hereby resubmit the Petition originally filed September 3, 2004, with the additional information requested by the Special Program Examiner.

As a preliminary matter, Applicants wish to thank Special Program Examiner Brian Johnson for the courtesy extended during a teleconference with Applicants' representative on June 7, 2005. Applicants appreciate the Examiner's guidance in specifying exactly the additional information needed from the Applicants for this resubmission.

According to the Notice of Abandonment mailed July 26, 2004, the Examiner held the above-identified application abandoned for failure to file a timely response to the Office Action mailed December 23, 2003, which set a three-month period for response. Thus, the abandonment date of this application was June 24, 2004 (i.e., the day after the expiration date of the period set for response plus any available extensions of time).

In accordance with M.P.E.P. § 711.03(c)IA, Applicants hereby petition to withdraw the holding of abandonment, remail the Office Action, and restart the period for reply to the Office Action due to nonreceipt of the Office Action mailed December 23, 2003. Applicants do not believe that a fee is due in connection with this petition. Nonetheless, should a fee be required, the Commissioner is authorized to charge any such fee to our Deposit Account No. 06-0916.

Applicants' representatives, the undersigned law firm and attorney, did not receive the Office Action in the mail at the undersigned firm's then main office at 1300 I Street NW, Washington, DC 20005. On July 21, 2004, the undersigned attorney received a call from Examiner El Chanti. The Examiner inquired to confirm Applicants' intention to abandon the application based on a failure to respond to the outstanding Office Action. At that time, the undersigned attorney checked the file and the firm's online docketing database, then returned the Examiner's call, explaining that there was no indication in the file or docketing database of an Office Action having been received. The Examiner stated that an Office Action had been mailed on December 23, 2003, and that the case was now abandoned. At the undersigned attorney's request, the

Examiner faxed a copy of the Office Action to the undersigned attorney on July 22, 2004. Because the application had been held abandoned a month earlier, Applicants were unable to prepare a response prior to abandonment.

In preparing this petition, the undersigned attorney has searched the mail room records for the undersigned firm's main office at 1300 I Street NW, Washington, DC 20005 (attached as Exhibit A), searched the docketing department records for the undersigned firm's main office at 1300 I Street NW, Washington, DC 20005 (attached as Exhibit B), and searched again the file jacket of above-identified application for any indication of receipt of the Office Action in the mail. These searches indicate that the Office Action dated December 23, 2003, was not received by the firm or the undersigned attorney until the Examiner faxed a courtesy copy on July 22, 2004.

At the time the Office Action was mailed, all mail was received at a single mail room at the undersigned law firm's main office at 1300 I Street NW, Washington, DC 20005.¹ Particularly, all documents from the United States Patent and Trademark Office were hand carried from the mail room to a PTO correspondence specialist who date stamped the correspondence and entered it into a computer database according to certain information, including date, type of document received, our reference number, and the serial number. Attached as Exhibit A is a copy of the computerized daily log of all PTO mail received by the mail room of the undersigned firm at 1300 I Street NW, Washington, DC 20005 for the days of December 23, 2003 through January 23, 2004,

¹ Finnegan Henderson's main office moved in 2005 to 901 New York Avenue, NW, Washington, DC 20005.

which includes one month following the purported mailing of the Office Action on December 23, 2003. As can be seen from a review of this log, there is no record that a communication for Application No. 09/667,769 (our Reference No. 04329.2431) was received by the undersigned firm at 1300 I Street NW, Washington, DC 20005 between December 23, 2003 and January 23, 2004, although many other PTO documents were received.

After a PTO correspondence was entered into the daily log of mail received, it was forwarded to the firm's docketing department, which entered three types of information into the firm's docketing computer database: (1) the internal reference number; (2) the type of correspondence received; and (3) the appropriate due dates. Enclosed as Exhibit B is a copy of the firm's daily docket reminders taken from the "Master Docket" for all patent practitioners, including the practitioners at 1300 I Street NW, Washington, DC 20005, for the dates March 19-27, 2004. The entries are arranged in numerical order by our case reference numbers. If the docketing system contained a due date of March 23, 2004, for our case reference number 04329.2431, it would have been on page 374 between the entries for 04329.2349 and 04329.2509. As can be seen in Exhibit B, however, there is no entry on March 23, 2004, for any response or other paper due in case 04329.2431. Similarly, there are no entries for March 19-22, 2004 or March 24-27, 2004 for any response or other paper due in case 04329.2431. Per the Special Program Examiner's request, Applicants have included the dockets for the dates March 19-22, 2004 and March 24-27, 2004, but the entry of

interest would only have been on the pages for March 23, 2004, which is the office action due date.

From the firm's docketing department, PTO correspondence was sent to the firm's records department, where the correspondence was matched with its file and sent to the assigned working attorney via intraoffice courier. The undersigned attorney has thoroughly searched the application file for Serial Number 09/667,769, our reference 04329.2431, and no Office Action mailed December 23, 2003, or copy thereof, was found in that file. In fact, the undersigned attorney had never seen that Office Action prior to the Examiner's facsimile thereof on July 22, 2004.

I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under 18 U.S.C. § 1001, and that such willful false statements may jeopardize the validity of the application, any patent issuing thereon, or any patent to which this verified statement is directed.

If there are any other fees due in connection with the filing of this response, including any fees required for treatment as a Petition Under 37 C.F.R. 1.137 or for an extension of time under 37 C.F.R. § 1.136, the Commissioner is authorized to charge any such fees to our Deposit Account No. 06-0916 and such an extension is hereby requested.

Respectfully submitted,

FINNEGAN, HENDERSON, FARABOW,
GARRETT & DUNNER, L.L.P.

Dated: June 17, 2005
